## Back Yard Scavenger hunt

The My Cubby backyard scavenger hunt is for you to explore and enjoy your own backyard and to appreciate what is out there when you really take the time to look. Take your time; it's a hunt not a race. You can do it by yourself, in a group or with a grown up. If you don't find or see all the things today, that's ok, try the hunt another day, or in different weather to see if you get a different result. Tick the box beside each item when you have collected or seen it. Enjoy!
