

## Park/ Nature Scavenger hunt

Before you start the park/ Nature hunt, ensure everyone knows the boundaries of the scavenger hunt. This My Cubby scavenger hunt is for you to explore and enjoy your Local Park, playground or large open space. Take the time to search for and recognise the different treasures different environments have to offer. Take your time; it's a hunt not a race. You can do it by yourself, in a group or with a grown up. If you don't find or see all the things today, that's ok, try the hunt another day, or in different weather to see if you get a different result.

Tick the box beside each item when you have collected or seen it. Enjoy!

### Things to collect.

- |   |  |
|---|--|
| <input type="checkbox"/> Something round                | <input type="checkbox"/> A lolly wrapper               |
